Making A Difference Through the Arts

We are asking for your support through our annual campaign. Unlike our past special events, we won't be offering anything in return except an acknowledgement on all our publications and website, a tax receipt, and our profound thanks. But the real reward comes from knowing that you helped make a difference in a young person's life.

Why the Arts?

Arts education is central to a youth's individual and social development. Research shows it raises overall academic performance and builds skills necessary for workplace success.

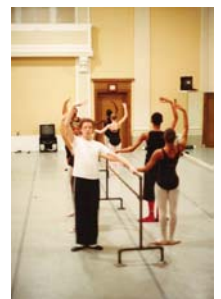

The arts excel in helping students develop **thinking skills, social skills** and **personal skills**.

Why Foluke Cultural Arts?

Foluke Cultural Arts is committed to making performing and visual arts, and arts education available to all particularly those who live in 'underserved' areas. The programming of Foluke is family oriented with focus on at-risk children and youth. The goal is to provide alternatives to negative behaviors by instilling discipline, self-pride and boosting self-confidence through self-expression and self-discovery.

Urgent and Growing Need

Too many children are in crisis. They need safe places to dream, create, experiment, build self-esteem, and do things that feed the soul. For a few hours a week Foluke Cultural Arts will provide children an avenue to escape difficult circumstances to participate in engaging activities that promote creativity and expression, an appreciation for cultural diversity and improvements in academic achievements. With the help of your donation we can continue to provide this service. **We need your support now!**
